

Job Coach Continuation Sheet

Client Name: Brian Nesbitt
Job Coach: Karen Belton
Date: 11th September 2001

Issues Discussed:

Job Coach met with Brian to feedback the outcome of the meeting with Dave Nelson Personal Manager for Dunlop. Job Coach explained that we were trying to identify areas that would be suitable for a work placement for Brian. Job Coach explained that Dunlop are keen to have Brian back in employment, however they are concerned regarding the opportunities available for day shift work. Currently they have suggested working day shift on a temporary basis with a view to work towards full shift work. Brian was not happy with this and stated that if that were his option then he would rather leave, particularly as he was planning to leave when these shifts were introduced. He stated that Dunlop would only offer him a position as a cleaner as that often happens to staff whom return from long term sick. Job Coach assured Brian that that was not going to happen, and that Rehab UK would be advising Dunlop of the most appropriate working environment for Brian, and it would not involve working shifts.

Job Coach discussed the possible areas that Dave was looking into for placements such as 'trimming tyres' and stores. Job Coach also explained that if they were presented with the worse case scenario of not returning to employment Dave had stated that Dunlop would come to a financial agreement with Brian, for example 3 months full salary, however that was most likely not to happen.

Job Coach reinforced Rehab's commitment to assist Brian with his return to employment whether he chooses to return to Dunlop or to seek for employment elsewhere. Brian seemed to be happy with this reinforcement.
