

## CONTINUATION SHEET

Client Name: Brian Nesbitt

DATE	DETAILS	STAFF
4 <sup>th</sup> Oct 2002	<p>I phoned Richard at Dunlop to inform him that we were still considering the appropriate support for as Brian had informed me that he felt nothing had been sorted. Richard explained that after our initial meeting on 18<sup>th</sup> September he felt extremely positive about the issues that had been discussed and the action plan that had been decided. However, a few days later Brian stated that he was unhappy about the outcome and was going on sick leave as he had been advised to do this from his GP.</p> <p>I explained to Richard that I was currently unsure about the appropriate support to offer for Brian, as it seems that Brian is unsure as to the support that he wants. We are willing to offer appropriate support when Brian returns from sick leave, however, it seems that there is little that we can do until then. Richard stated that he would still be extremely keen to visit the centre in order to gain a more detailed understanding of brain injury and the vocational programme. We have arranged a visit for 24<sup>th</sup> October 2002.</p>	<p>Karen Belton</p> <p><i>Karen Belton</i></p>
4 <sup>th</sup> Oct 2002	<p>I also posted a letter to Dave Nelson requesting a company signature and stamp for Remploi to confirm support was received from Rehab UK. I enclosed an envelope for the form to them be sent to Glynis at Remploi, a copy of the letter is in the file.</p>	<p><i>Karen Belton</i></p>

## CONTINUATION SHEET

Client Name: Brian Nesbitt

DATE	DETAILS	STAFF
10 <sup>th</sup> October 2002	<p>Brian Nesbitt phoned to find out what has been happening with regards to his position at Dunlop. I explained as per the meeting on 18<sup>th</sup> September. Brian wanted to know what had been done since then. I explained that with regards to progress, no further action had been taken for a number of reasons (1) Dunlop had agreed to reduce Brian's work load and to monitor this for two weeks and if further reductions were required it would be reviewed after the two weeks. However, immediately after the meeting Brian went to his doctor and was signed off work sick for 2 weeks. (2) Brian did not specify exactly what action/ support he required from Rehab, however he keeps stating that he wants things sorted. Rehab UK have in the past expressed that we are willing to offer appropriate support to Brian, however, we cannot act as union reps. We have explained to Brian that if there are issues along these lines it is his responsibility to discuss them with the appropriate person at Dunlop.</p> <p>Brian stated that as nothing had been sorted he would contact his DEA to see if he could be of more help. I explained that we had already spoken to his DEA a number of months ago, who had phoned Rehab to set up appropriate support, however, I also encouraged Brian to contact him again to inquire if he could assist with what he wants. Brian also stated that he would contact his doctor to tell him "nothing has been sorted".</p>	<p>Karen Belton</p>
